Nelson Bay

Definitely one of Nelson Bay's main attractions, Broughton Island has several spectacular dive sites to choose from. The most popular is the 'Looking Glass', a narrow channel through the centre of the island.

At the southern end the 'Looking Glass' is 16 metres deep dropping to 20 metres at the northern end, suitable for Open-water divers. Large boulders decorate the outside complete with swim throughs filled with mating Port Jackson sharks at certain times of the year. Once inside, the fish life is amazing; blue groper, red morwong, bulls-eye and bream. At other times, grey nurse sharks and large eagle rays are seen at this spot. Sheer walls covered with baitfish and small sponges, patrolled by large black rays and grey nurse sharks in the warmer months.

Strive towards the "Master Scuba Diver" rating whilst your away on this trip. Do your PADI Boat Diver or Enriched Air Nitrox Course for only \$250.00 each. That's a huge saving!
