## North Solitary Island

### Wooli

Pimpernel Rock is one of those mind blowing dives that makes you wonder why you even bother going overseas to dive.

The rock is totally covered with gorgonias, corals, sponges and all sorts of fixed marine life. This dive has simply amazing fishlife. Trevally, giant trevally, bream, jewfish, yellowtail kingfish, various tuna species are some of the larger species you will probably see.

For those Tech Divers you may want to dive the swim though cave that lies 45mtrs down.

Push towards the "Master Scuba Diver" rating whilst you're away on this trip. Do your PADI Deep Diver or Enriched Air Course for only \$250.00 each. That's a huge saving!

CDA can organise trip packages to suit you individual needs, for example;

- 4 Great Boat Dives (2 double dives)
- 2 Nights accommodation
- Dive guide services
- 2nd tanks provided on double dives
- Refreshments between dives
