South Solitary Island

Coffs Harbour

The Solitary Islands Marine Park boasts some of the best diving in the state. They have a unique blend of tropical and temperate fish life found in this region. The sanctuary zones around the islands protect the corals and fish, keeping it in a natural state for divers to experience. Guided underwater tours through the best sites are our specialty.

We have dived the area for years and know the locations and their features. Grey nurse sharks of "Manta Arch", blue tangs of "Boulder Wall", lionfish of "Buchanan's Wall", or the coral gardens and Nudibranchs of "Split Solitary". The islands are so different; every dive is a new adventure!

We are helping you strive towards your Master Scuba Diver Rating by offering the PADI Deep Diver or Enriched Air Nitrox courses at a package price of only \$250 each whilst on this fantastic trip.

CDA can organise trip packages to suit you individual needs, for example;
