

PADI Master Scuba Diver Trainer Course

You tell your students to aim for [PADI Master Scuba Diver](#). You also want to tell them that you can take them all the way there because you're a PADI Master Scuba Diver Trainer (MSDT).

The Fun Part

The Master Scuba Diver Trainer rating sets you apart from other dive instructors by showing your commitment to continuing your dive training and being prepared to help others continue their training as well. You also get to teach specialty diver courses – which opens the door to lots of fun while working.

What You Learn

You're a new [instructor](#)? Just finished the IE? No problem. See your [Course Director](#) for PADI [Specialty Instructor](#) Training and the Master Scuba Diver Trainer Prep Course.

As a PADI MSDT, you demonstrate to a dive employer that you have good experience in teaching diving and also can teach a range of specialty diver courses. This makes a dive center or resort more likely to offer you a position.
