

## CHARLESTOWN DIVING ACADEMY

# PADI Bubblemaker Experience (8yrs+)

What a great way to introduce children to scuba diving in a pool in less than six feet of water. Celebrate a birthday by throwing a memorable, exciting Bubblemaker party with friends and family.

### The Fun Part

Youngsters can join in the family fun of scuba diving or even start a trend! Children should be comfortable in the water, but they don't have to be super swimmers. With youngsters in mind, the maximum depth is only 2 metres/ 6 feet.

- Typical sessions last about an hour (sign up, gear up and fun included)
- Also available as an open water experience (2 metres/ 6 feet max. depth)

### Kids get a chance to:

- Experience what scuba diving is like under the direct care and supervision of PADI Instructors
- Take their first [breath underwater](#)
- Learn about and use scuba diving equipment made for children – not adults

### The Scuba Gear You Use

- Children use all the [basic scuba gear](#), which is made for their size and stature.
- Check with Charlestown Diving Academy about setting up a Bubblemaker experience today.

### Prerequisites

- The PADI Bubblemaker program is for children age 8 and above. No pre-training required
