

CHARLESTOWN DIVING ACADEMY

PADI Deep Diver

The PADI Deep Diver Specialty course will teach you techniques that will make recreational diving safe & fun. You will learn deep diving limits and how to stay within them while gaining valuable experience of diving to 40 metres. Your skills and abilities as a diver will improve as you practice your deep diving techniques. You will find that the PADI Deep Diver Training opens the doors to new dive sites and adventures.

You will get to depths of up to 40m under the guidance of your experienced instructor while you experience nitrogen narcosis first hand. You will see how depth affects colour and how pressure affects of object at depth. After your first few scuba dives, you soon want to explore a bit deeper. There's something exciting and mysterious about the depth that attracts dives.
