

## Diver Propulsion Vehicle (DPV) Course

DPVs offer a thrilling way to see a lot of underwater territory in a brief amount of time. They scoot you through the water without kicking. Whether making a shore dive or diving from a boat, a DPV is a great way to see more and have a blast doing it.

### The Fun Part

Fun? Underwater scooters (DPVs) are a kick! It's all fun

### What You Learn

- Diver propulsion vehicle dive planning organization, procedures, techniques, problems and hazards
- Equipment considerations
- Diver etiquette and how to avoid harming fragile aquatic life

### Prerequisites

- A [PADI Open Water Diver](#) or Junior Open Water Diver (or qualifying certification from another organization)
- At least 15 years old
