

PADI Emergency First Responder -Care for Children

The PADI Emergency First Responder/Care for Children course is a basic training class in emergency care. CPR, basic first aid and other important emergency care skills are combined into a 1 day course which allows graduates to function with consistent priorities in an emergency. **Non-certified divers are also welcome!**

You will learn

- BLS (Basic Life Support) CPR and rescue breathing at the layperson level
- Preventing and caring for shock
- Spinal injury management
- Use of barriers to reduce disease transmission risk
- Basic first aid and first aid kit considerations

This training is a prerequisite for certification as a PADI Rescue Diver, PADI Divemaster and meets requirements for career students attending the PADI Instructor Development Course.

Prerequisites

- There are no prerequisites for this course anyone can participate.
