

CHARLESTOWN DIVING
ACADEMY

The Emergency First Response Instructor Course

CPR and first aid are important skills that in high demand. As an Emergency First Response Instructor, you can teach these skills to anyone.

Teach CPR and first aid to others so they can be prepared for an emergency.

What You Learn

- Gain experience in how to structure learning, the requirements of performance-based training and your role as the instructor in the learning environment for teaching CPR and first aid.
- You also learn how to motivate students, evaluate student knowledge, present course content effectively, become proficient in developing students' hands-on skills practice sessions, and are taught how to present an effective scenario-based learning experience.

What You Can Teach

- Learn how to conduct the [Emergency First Response](#) and [Emergency First Response Secondary Care \(first aid\)](#) courses.
- You also learn to conduct the recommended Automated External Defibrillator (AED), emergency oxygen and conscious choking management skills.
- At a glance, compare [what you can teach](#) when you continue your professional diver education.

Prerequisites

- Have successfully completed a sanctioned course in adult and child/infant CPR and basic first aid within the past 24 months.
- Be at least 18 years old
