

## TDI Intro to Cave Diver

This course is an introduction to the basic principles of cave diving utilizing a single primary guide line. Introductory cave diving is the second level in the development of safe techniques for cave diving, directly building upon the cavern diver course. This introduction to cave diving is not intended to train divers for all facets of cave diving. The objective of this course is the perfection of skills taught in the cavern diving program with additional techniques and procedures required for elementary cave dives.

### STUDENT PRE-REQUISITES

- Minimum age of 15 (with parental consent)
- TDI Cavern certification

### REQUIRED COURSE MINIMUMS

- Classroom / Briefing Hours - 4
- 4 single cave line Dives with a total of 100 hours logged time, conducted at different dive sites
- Course must be taught over 2 days.
- If this course is combined with a cavern diver course it is a minimum of 3 days and a total of 8 dives and 180 bottom time minutes.

### YOU WILL LEARN

- How to properly deploy a guideline, how to properly follow a guideline, use of safety reel in lost diver procedures and use of safety reel in lost line drill.

### REQUIRED EQUIPMENT

- All the same equipment in the cavern diver course

### QUALIFICATIONS OF GRADUATES

Upon successful completion of this course, graduates are qualified to enroll in:

- Full Cave Diver Course
